Vote More Funds For RC Armory

Additional funds for the proposed National Guard armory in Redwood City were approved yesterday by the State Public Works Board.

The board announced it has allotted $224,500 to cover increased costs in construction of 17 armories in California, of which Redwood City is a part.

Construction on the unit—to be located at approximately Valota Rd. and Vera Ave.—is expected to begin shortly, according to Capt. Brooke Halsey, commander of the local unit.

SF Board OKs Bond For Butano

Plan to purchase Butano Forest for a state park had been given a substantial shot in the arm Tuesday, with the San Francisco Board of Supervisors giving preliminary approval Monday afternoon to placing a $250,000 bond issue before the voters.

The $250,000, if voted, would go toward the $600,000 fund needed to match the $600,000 already appropriated by the state for the purchase of the Butano, a 4711-acre tract of redwoods in Southern San Mateo County.

The three - member finance committee of the supervisors, headed by Supervisor Dan Gallagher, reversed the previous stand it had taken and recommended that the board place the proposal before the voters. The committee previously had voted unanimously to recommend against the proposal.

Pacific Lumber Co. plans to log the forest unless it is preserved as a park.

San Mateo and Santa Clara Counties have agreed to deed Memorial Park and Madonna Park, valued at approximately $400,000, to the state as their share of the purchase price of Butano Forest.

Gallagher, in explaining the finance committee's reversal of its stand, said:

"We've decided that the people should have the right to be heard on the subject."

A titmouse is a bird, not an animal.

Warn Housewives About Soap Sales

E. W. (Ned)) Butler, chamber of Commerce manager, Monday warned housewives against a salesman he said was selling soap or soap powder on a money-back plan in the Friendly Acres district.

Butler said a $1 deposit is paid to the salesman on his promise that the soap or soap powder will be mailed from outside of California on a COD basis, plus postage. The salesman claims, Butler continued, that a refund for the entire amount, including postage, will be made to the purchaser in the form of a merchandize order. This order is purported to be redeemable upon spending a total of $7 at specified stores.

The store named in Redwood City, Butler stated, had never heard of the plan.

The chamber's better business division requests that anyone having a receipt for a deposit on this soap or soap powder bring it to the chamber office in the city hall.

It also reuests that anyone contacted by such a salesman immedately notify the chamber office by telephoning EMerson 6-5739.

A log will sometimes contain 200 pounds of water for every pound of dry wood.

Take it easy! Serve TABLE-READY MEATS from SAFEWAY...

Breeze through summer meal preparation. Make use of the wide variety of delicious table ready meats available to you at Safeway. No cooking to do. They're ready to eat just as you bring them home from the store. Thrifty, too, because there's no waste. Check the list below for menu ideas. And, note the low prices.

Belmont Council Votes Law Boosting Fine for Drunkenness

The Belmont City Council Monday adopted a new city drunk ordinance but increased the maximum fine under the law from $50 to $150 after considerable discussion.

Mayor Bayley Kohlmeier pointed out that the city parking ordinance set a maximum fine of $300 while the proposed drunk ordinance had only a maximum of $50. He said he felt that the drunk violation was a more serious crime.

Police Comsr. George Campbell defended the $300 maximum fine for parking violations declaring, "Police enforcement is predicated on a certain income. The police department has to have money, and either the taxpayer pays for it or the violator." He pointed out that a maximum fine would be imposed only under unusual circumstances.

City Atty. Paul McCarthy said that $300 was the customary maximum fine in city parking ordinances and that the $50 maximum in the drunk regulation was the same as in the county drunk ordinance.

The recommendation that the maximum fine on drunk violations be $150 was made by Police Chief O. Walter Lindholm and was adopted by the council. Lindholm also pointed out that the drunk regulation also included a maximum jail sentence of 50 days in the county jail.

The drunk ordinance was proposed last month by Lindholm on the grounds that the county drunk ordinance was not applicable within the city limits of Belmont.

Council Plan For Belmont

A resolution requiring that matters to come before the Belmont City Council be submitted to the council 10 days prior to a council meeting was proposed Monday night by Mayor Bayley Kohlmeier.

Kohlmeier suggested that the council not consider any matter not submitted orally or by letter to the city clerk 10 days prior to a council meeting.

"This would prevent any 'hot potatoes' from coming up at the last minute," he declared.

He said that often controversial issues were brought before the council at the last minute when only one side was present at the meeting. Kohlmeier said that under his proposal the agenda would be posted five days before council meetings and everyone could see what would be taken up. He said that the council, however, could take up any matters not on the agenda.

When asked what would happen if a "hot potato" or other issue not on the agenda, was brought up by someone in the audience during the period when citizens are permitted to address the council, Kohlmeier said that unless the council decided the matter was an emergency, it would ask that the issue be brought up at the next monthly council meeting.

Kohlmeier also announced that in an effort to save time, the council would have the minutes of meetings mailed to each councilman and then approve them as mailed rather than have them read at the meeting.

Purse Burglars Reported Here

Three purses containing $29 were taken by a burglar on a "hot prowl" of the home of Charles Halling, 513 Upton St., late night, the sheriff's office reported.

SUMMONS—No. 46050—DEPT. No. 1

IN THE SUPERIOR COURT OF the State of California, In and for the County of San Mateo.

Leroy Charles Gittings, Plaintiff, vs. Maybelle Elizabeth Gittings, Defendant.

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

The People of the State of California Send Greetings to:

Maybelle Elizabeth Gittings, Defendant.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said County, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 14th day of June, A.D. 1948.

W. H. Augustus, Clerk; by Anna Maes, Deputy Clerk.

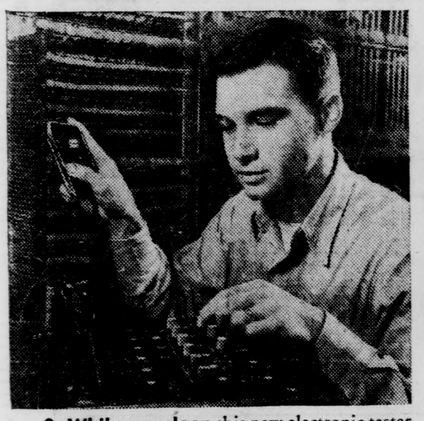
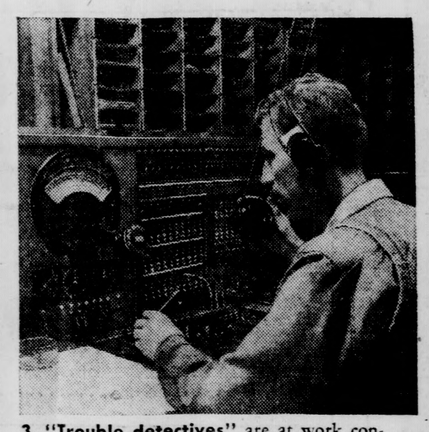
Telephone EMerson 6-5143

Why most telephone trouble stops before it starts

1. Imagine a vacuum cleaner in a central office . . . actually it's one of our important tools. For keeping equipment working perfectly means keeping equipment perfectly clean. The vacuum sucks up the specks of dust that might make a tiny electrical contact fail . . . just when you need it. And we stop trouble other ways, too.



2. While you sleep this new electronic tester is at work . . . combing over circuits to see if it can spot a "leak" in the office or out on the lines. For even the best-insulated cables now and then allow moisture from rain or fog to creep in. By recording current loss on the lines, the tester checks loss of efficiency that might mean future trouble.



3. "Trouble detectives" are at work constantly, inspecting cables and lines and following up the clues given them by this testing equipment. These are just a few examples of our preventive maintenance . . . part of our job of making your telephone service dependable, ready to go to work for you when you need it . . . as often as you need it.

4. When you make a telephone call you hire a mighty valuable servant. And that servant is more useful than ever before. For the number of telephones on the Coast has almost doubled in the past ten years. We're hard at it to provide more and better service for more people. And each new telephone added makes your telephone that much more valuable.

The Pacific Telephone and Telegraph Company

More than 70,000 people working together to furnish ever-better telephone service to the West
